

## RESPONSE TO SANDRA SMIDT'S REFLECTIONS ARTICLE

'I have recently read Sandra's wonderful article. I currently oversee the parent education program for the Wellington Playcentre Association ([www.wellingtonplaycentre.org.nz](http://www.wellingtonplaycentre.org.nz)) and was wondering how to contact Sandra about copyright use of this article as a teaching resource. We are also in the process of buying her book on play, but we have three tutors who deliver a series of discussions focussed on child initiated play as part of our free parent education program and this article fits very well with our philosophy of child initiated play ... We are passionate about parents and children growing and playing together in their pre-school years at Playcentre and this article is a wonderful, succinct resource to have on hand to help guide the many parents that we help on the path to better understanding of and relationships with their children.'
