Ros Bailey, a perfect end to the day.

Your comments about the discussion groups

Workshops interesting;
Much to chew over; would have liked the discussion groups to have had 2 hours rather than one;
I would have liked the discussion groups to achieve a greater depth of analysis of the topics. Is it possible to post on the website, the result of the discussion groups? (Yes, this is gradually being compiled and will be posted soon.)
Found the discussion groups very useful.
